

May 2026

Volunteer Coin Box collector – local.

Source new locations for coin box positions at suitable business locations and inform OAI of the business/group/church name.

Always wear an OAI fluorescent vest and volunteer lanyard when representing OAI.

Take extra donation cards and brochures if space permits to put next to the coin box or on top of it for the donation QR codes.

Never interrupt the business owner if they are busy serving customers etc, wait for a convenient moment.

Always **thank** the business owner/staff for helping Orphans Aid with the coin box and let them know how much it means to the charity eg in some of our locations \$2 will provide a meal for a child.

Regularly clear the coin boxes (every 3 months is ideal).

Bank the funds into the OAI bank account after clearing the boxes and communicate with Heidi@orphansaidinternational.org on the amount banked and which coin box it was from.

Keep coin boxes clean and tidy and swap out with a new coin box if needed.

Please also communicate if there are any issues or queries or if coin boxes have been removed from a premises.

Smile and know you are helping change the world one child at a time!
